

TITAN Wireless Finger PTT

THE TITAN WIRELESS FINGER PTT

Can be used in multiple hands-free wireless solutions and is the ideal choice when discretion is needed. The WPTT-FGR comes in the color black with a strap, volume control (radio dependent), and PTT on top. The specially designed Aircrypt BLE-Module is built in the Finger PTT for the optimum performance and compatibility with a wide range of Titan products.

Part number:
WPTT-FGR

Technical data

Dimensions	30 x 20 x 10 mm	Maximum range	Up to 30 meters
Weight	10g	Operating Temperature	-20 to +45 C
Battery	CR1632	IP Rating	IP65
Battery Life Time	Typical 6 months	Module	Aircrypt Low Energy
Output Power	7.5dBm low energy max transmit	Receive sensitivity	-92.5dBm low energy receive sens.
Frequency	2.4GHz	TX/RX Power	Up to 10dBm
